CARLINGTON

COMMUNITY HEALTH CENTRE

Annual **Report** 2021 - 2022

About Carlington CHC

Carlington Community Health Centre (CCHC) has been providing a wide range of services to individuals, families, youth and seniors in our catchment area in west-central Ottawa since 1985.

We are guided by our mission, vision and values, developed in consultation with the community and approved by our Board of Directors.

We subscribe to the Model of Health and Wellbeing and champion transformative change for people and communities facing barriers to health. We are committed to recognizing and confronting barriers to equitable health by endorsing the Health Equity Charter of the Alliance for Healthier Communities.

OUR MISSION

To improve, support and promote the health and well- being of the people and diverse communities we serve

OUR VISION

A healthy and inclusive community for all

OUR VALUES

These values guide the work of CCHC board, staff and volunteers:

- Respect
- Inclusiveness
- Quality
- Collaboration
- Learning and Growth
- Person- and Community-Centered Care
- Safety
- Resourcefulness

A Message from the Board Chair and Executive Director

Who would have imagined in March 2020 when the COVID-19 pandemic was declared, we would be holding our third consecutive Annual General Meeting virtually... and yet, here we are.

The past two years have been unprecedented in so many ways. The pandemic has and continues to expose chasms in our health, and social services systems. The response to COVID-19 has reinforced the value of community health centres, and their partners to the wellbeing of the individuals adversely impacted by the social determinants of health. In fact. communities those that were disproportionately impacted by the effects of the pandemic are the VERY SAME communities that struggling for decades to equitable access to quality services. Never has health equity been more elusive: and never has the call to action been louder.

Carlington has been a proud and active participant in the response to the pandemic. As an organization, to say that we have asked our staff to do things differently would be understating the innovation and dedication that was offered in support of our clients and neighbours.

Cameron MacLeod
Executive Director

Alex Bushell Board Chair AW Julul

Nothing about 2021-2022 was "normal" as we all continued to work internally with our partners to adjust to what was being leveled at us, and constantly constantly. Only in the final months of the fiscal year did we get a sense that we were turning the corner...cautiously.

There is not enough space in this report to recognize and appreciate the efforts of everyone who contributed to Carlington's successes over the past twelve months.

www.carlington.ochc.org — 2

Every staff member, manager, Board member, student, and volunteer gave fully and unselfishly to ensure services continued to be available and accessible to those who relied on us the most.

As the World was dealing with the pandemic, Carlington was undergoing a complete renovation of its "legacy" schoolhouse building. After eight years of work, we are pleased to report we have achieved substantial completion at the end of February. This was a monumental task, and it was completed on time despite of the many challenges all contributors faced. The result is an entire transformation of the interior of the building that will allow increased access and enhanced programming opportunities. We have slowly and intentionally been preparing the new space for occupancy, and we are excited to show our community in the coming year.

The 2022-2023 fiscal year offers the hope of returning to a more in-person work as we ease back into what we used to call "normal." With that said, much has been learned from our pandemic experience that we will embrace and continue to enhance going forward. Winston Churchill said that we must "never let a good crisis go to waste." One huge learning curve from the past two years is that we must not be afraid to try new things, take risks, and trust our instincts and experiences when faced with something that seems insurmountable.

With the evolving changes in the health care system, a new funding framework at the City of Ottawa, the prospect of significant change in leadership at Ottawa City Council, and the service gaps that have been exposed from the pandemic, it is clear that Carlington's work with its Coalition and community partners will be more important than ever. Change is difficult and requires strong leadership, at the Board, staff, and community levels; and at Carlington, we have all three.

We look forward to the coming year with optimism; and look back with pride.

Program Highlights

The Women In the Wild

This program offers women the opportunity to build self-confidence, and share experiences with likeminded individuals within nature. The women have participated in outings such as snowshoeing, skiing, nature walks and outdoor artistry. A special thanks to our various business partners that assist this group with equipment and the necessary supplies to realize these outings.

"It's wonderful being with other women with similar experiences. After only a few gatherings, women felt safe enough to express their reasons for needing this type of a group. I saw women transform from appearing shy and quiet to being boisterous and easily laughing. This group has become an essential part of my continued strength in healing."

New Horizon for Seniors

Our New Horizon for seniors grant came to an end with fantastic outcomes. Throughout the year, CCHC hosted:

- 10 outdoor music concerts Weekly chair yoga
- 2 gardening workshops
- 3 outdoor dance sessions 6 online financial literacy sessions
 - A virtual income tax clinic

A weekly Fitness, Information, and Tea (FIT) group was established with the assistance of the Seniors Outreach Worker who was hired for this project. These programs included light physical exercise, revolving information sessions, and a social tea time. In total, 180 seniors (55+) participated in one or more activities, and 20 senior volunteers were engaged. This is significantly more than expected, and was more than double the original projection of 75 seniors.

www.carlington.ochc.org

Addressing Food Insecurity

With new sustainability from the City of Ottawa, and partnership with the Westboro Beach Association, we were able to realize the Community Kitchen Project.

 This project provides hot meals to individuals and families in the community, as well as the shelter at the Hampton Plaza.

Carlington also assisted the Mission Food Truck to deliver hot meals to residents of the Shillington area biweekly. A second stop now frequents the Van Lang community on a weekly basis.

Parent, Children and Youth Services

For this second COVID pandemic year, the Parent-Child and Youth team continued to provide modified services to families with children, young and older. We offered a combination of virtual programming and in-person activities, focusing on outdoor activities, in all weather.

Assertive Community Treatment Team (ACTT)

- 20 clients from the Cognitive Behavioural therapy initiative are now receiving individual therapy within the ACT model.
- 79 clients within the past year incurred 472 days of hospitalization, compared to 2 years prior to ACTT services in which the same set of clients incurred 18, 280 days of hospitalization.
- Assessed 14 clients from the ACTT central intake waitlist.
- CSAN Pronto: In partnership
 with HLS Therapeutics Inc., the
 ACT team has started to
 implement a point-of-care
 device that measures white
 blood cell counts and
 neutrophils percentages in less
 than five minutes. This is used
 for clients taking the antipsychotic medication, Clozapine,
 which requires
 weekly/biweekly/monthly blood
 work monitoring, depending on
 the duration of treatment.
- ACT has spent the last year
 working throughout the
 pandemic altering the service to
 accommodate the restriction set
 by the City of Ottawa and the
 province to support our clients.
 Essential mental health services
 have remained intact
 throughout this time.

Carlington's EarlyON Child and Family Centre offered services to families with children 0 to 6 years old, both online and in-person, serving 310 parents/caregivers and 299 children, with 4,284 adults and 3,126 children interactive visits. Throughout the past year, we opened new neighborhood Story Walks to maintain our outdoors focus. Virtual programming was maintained as well to allow all families with young children to connect with us.

All our programs can be found in our calendar and in our EarlyON newsletter: Scan our QR code!

Annavale Headstart Nursery School

It has been another incredible year for our Annavale Headstart program. Despite various levels of COVID-related restrictions and changing directives, Annavale kept its doors open for the entire year, welcoming 24 toddlers daily. Annavale offers quality full-day childcare programming with a strong focus on outdoor play, delicious and nutrition meals, and strong parent engagement. Our partnership with First Words and Children's Inclusion Support Services continues to enhance our team of fantastic professional Early Childhood Educators and to benefit our children.

""I love Carlington! I feel a part of my community. The workers have no judgement and sees my family as people. I've made great relationships with the people who work there. The services, like EarlyON and Annavale, have helped my daughter (4 yrs old) a lot."

- A community member

Family Support Services

Our Family Support services were offered virtually this year. Prenatal and perinatal parenting support services expended significantly over the past 12 months, with weekly online groups. Our lactation services also grew to include weekly virtual Q&A with a lactation consultant, in addition to the existing in-person visits, and virtual Prenatal Breastfeeding Information Sessions.

General parenting support whether in a group-format or via individual appointments, continued to be just a phone call away. Visit our website for more information under the Family and Parenting Support tab.

Some of our programs include:

- Snack and Chat Virtual program
- Buns in the Oven
- Nobody's Perfect parenting program
- Weekly workshops on varied parenting topics
- Supporting Neighborhood Caregivers
- Q&A with a Lactation Consultant
- Prenatal Breastfeeding Information Sessions
- Virtual Prenatal Education
- Virtual Perinatal parenting support group
- Daily playgroups in multiple locations
- Neighborhood Story Walks
- Individual parenting support

After School Program and Youth Drop-In

Our After School Program moved into the Caldwell community where it offers homework support, a healthy snack, and physical activity 3x day a week for children grades 3 to 6. Also in Caldwell, the Youth Drop-in continued to offer a friendly, open, and safe atmosphere for youth 12-18.

During the pandemic, Caldwell youth participated in the creation of the mural "In Community Always Together" placed at CCHC, participated in the Community Sacred Fire honoring Indigenous culture, and organized a free "Back to Fun" activity day for children ages 6 to 12. Hot meals for the participants in the After School Program and Youth Drop-in were provided by the Caldwell Family Center.

www.carlington.ochc.org

Students Will All Graduate (SWAG) Program

During this second pandemic year, the Student Will All Graduate (SWAG) program moved to the wonderful new location of Notre Dame High School. Since its in-person re-opening in October 2021, SWAG has seen a real swell of registrations; bringing a total of over 60 registered participants.

The program's objective is to support students' overall success, both on the academic and on a personal front. Over the past 12 months, SWAG continued to offer individual homework support, personal development opportunities, outings, and engaged several youth participants with RedBlacks Athletes in a mentorship program. In June of 2021, drive through recognition of 20 youth graduating from high school was held, and 14 youth continuing post-secondary education was awarded a scholarship.

RedBlacks Youth Mentorship Program

In partnership with the OSEG Foundation, this program allows youth an opportunity to connect and learn from positive role models, a chance to be inspired, and envision new paths for themselves. Over the course of 2021, 15 youth were matched with RedBlacks athletes. Our youths and the athletes had a chance to connect at our first Meet and Greet, connect via virtual one-on-one meetings, and attend RedBlacks games at Landowne.

The summary financial statements are derived from the complete audited financial statements, prepared in accordance with Canadian accounting standards for not-for-profit organizations as at March 31, 2022 and for the March 31, 202. Note

> Les états financiers résumés, qui comprennent l'état de la situation financière résumé au 31 mars 2022 et l'état des résultats résumé pour l'exercice terminé à cette date, ainsi que la note annexe, sont tirés des états financiers audités du Centre de santé communautaire Carlington (le Centre) pour l'exercice terminé le 31 mars 2022.

The preparation of these summary financial statements requires management to determine the information that needs to be reflected so that they are consistent in all material respects with, or represent a fair summary of, the audited financial statements. these summary financial statements using the following criteria: Management prepared

- the summary financial statements include the statement of financial position and statement of operations;
- management determined that the statements of changes in fund balances and cash flows do not provide additional useful information and as such, have not included them as part of the
- information in the complete audited financial statements including comparative information and all major subtotals and totals; and in the summary summary financial statements; with agrees information statements
 - in all material respects, the summary financial statements contain the information necessary to avoid distorting or obscuring matters disclosed in the related complete audited financial statements.

financiers complets audités, qui ont été préparés conformément aux Normes comptables canadiennes Les états financiers résumés sont tirés des états pour les organismes sans but lucratif, en date du 31 mars 2022 et pour l'exercice terminé à cette date. La préparation de ces états financiers résumés exige la direction de déterminer l'information qui doit être présentée afin qu'ils soient constants, dans tous leurs aspects significatifs avec, ou qu'ils représentent un juste résumé, des états financiers audités.

La direction a préparé ces états financiers résumés en utilisant les critères suivants :

- les états financiers résumés comprennent l'état de la situation financière et l'état des
- la direction a déterminé que les états de l'évolution du solde des fonds et des flux de ne donnent pas d'information additionnelle utile alors, ils ne sont pas incluent dans les états financiers résumés; trésorerie
 - l'information dans les états financiers résumés correspond avec l'information dans les états informations comparatives et tous les sousfinanciers complets audités, totaux et totaux importants; et
- dans tous leurs aspects significatifs, les états les éléments divulgués dans les états financiers résumés contiennent l'information nécessaire pour éviter de fausser ou masquer inanciers complets audités.
